From the door of the trekking information point in St Pons, take the road that goes up to the left of the information board, then turn right and then left onto a path that goes up into chestnut trees.

At the 1st gate continue up along the basalt cliff to the junction at

LA PLAINE DU REGARD

DIRECTION: BERZEME

Then cross the pastures towards Berzème, crossing the junction at

BRASSE NEGRE

DIRECTION: BERZEME

Follow a little road beside the fields up to the crossroads at

FAUGERES

DIRECTION: ST PONS

You will then enter a typical Coiron pasture in which you will stay well over to the left following the markings.

Then take a path that goes quite steeply down to La Roche Chérie. From this point, go back down the road to

LA PEYRE
DIRECTION: ST PONS

From there, climb up through the middle of a field, where you will then continue along beside the fence and then turn right onto a path that will take you back to the village.

Variant: at La Peyre, climb up to the left on a path on basalt flow deposits.

Once on the plateau, turn right along the fences to cross the Plaine du Regard, with a magnificent view point!

You will then come back to the Plaine du Regard pillar, which indicates the descent back to St Pons.
